NOTICE.

In this our **NEW ILLUSTRATED CATALOGUE** and **PRICE LIST**, we offer to the favorable notice of the Trade, a very large and select assortment of

BUILDERS',

Cabinet Makers', Housekeeping, Saddlery, Mechanics'

AND OTHER

HARDWARE,

the productions of the best and most experienced Manufacturers in this country.

We have revised and modernized our prices; made the Lists more consistent; Discounts more uniform; descriptions clear and intelligible; and the illustrations as near perfect, as the best engravers could get them.

We are confident that the Discount Sheet, the "Pass Key" to the whole Book, will, after a thorough examination and careful comparison with those of other manufacturers, be appreciated and approved.

Notice the **Prompt Cash** discount.

New Discount Sheets will be issued from time to time, as circumstances may require, and frequent supplements will be sent to our customers, showing our new goods and prices, as we shall rapidly increase the variety of our goods, devise new styles and patterns, extend our facilities, enlarge our works, and continue as we now are, the largest manufacturers of Shelf Hardware in the world.

Hardware Dealers are invited to examine our prices and stock, and PROMPT CASH buyers are most urgently solicited to favor us with their orders. Lists will be furnished to the Trade only.

Builders' Master Keyed Locks.

Nos. 610, 611, 663, 664, 665, 666, 667, 669, 670.

We have succeeded in producing a Lock, for which there has long been a demand, which can be made in sets of any quantity, from six to one hundred, with Four Tumblers, and from six to sixty with Three Tumblers.

The Lock is on an entirely new principle, and made very safe. The Master or Pass Key is not a skeleton, but is as safe as the regular key.

The Lock with Four Tumblers we can make six hundred all different, and a Master Key to fit each one hundred. Each of the six Master Keys differs from the others, which renders it a desirable Lock for Hotels or large Public Buildings.

The Nos. 610 and 611, we can make three hundred all different, and a Master Key to fit each sixty, each of the Master Keys differing from the others.

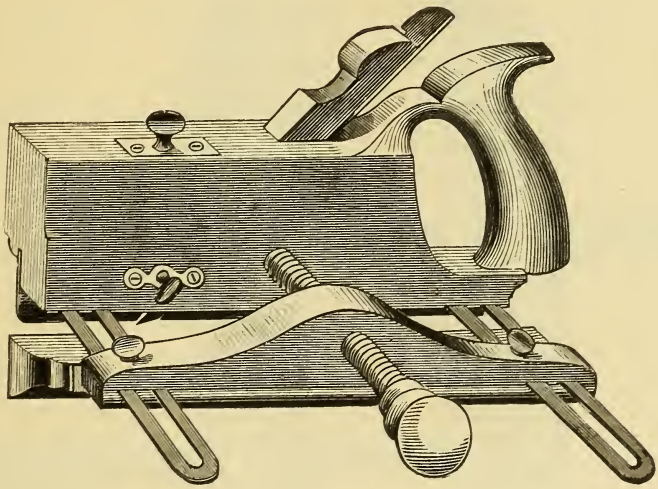
Patent Self-Adjusting Grooving Plows.



The adjusting of the Fence to this Plow will be found a great improvement over the old style of Plow. It is simple in its construction, easily and accurately adjusted ; as all projections are on the left hand side, the mechanic is not obliged to remove his tools from the work-bench in order to use it.

This attachment is applicable to all Screw Arm Tools.

Annexed is a list of the most salable numbers, (the Nos. corresponding with Nos. of List.)

Dealers will please take notice of a few changes we now make in descriptive numbers of Cards. What we formerly called No. 8 Cotton is now No. 9. Old No. 9 is discontinued. No. 8 Wool takes the place of former No. 6, and No. 7 Mixing is designed for Carding Fine Wool or for Mixing, and is the same as the old No. 8 Wool, as formerly made by us and our predecessors, Joseph D. Sargent and John Whittemore & Co.
